Finishing the App

Reggie Dawson
WEB DEVELOPER

@reggiewrites

Introduction

Added authentication, Blog, and Cart

Testing

Build
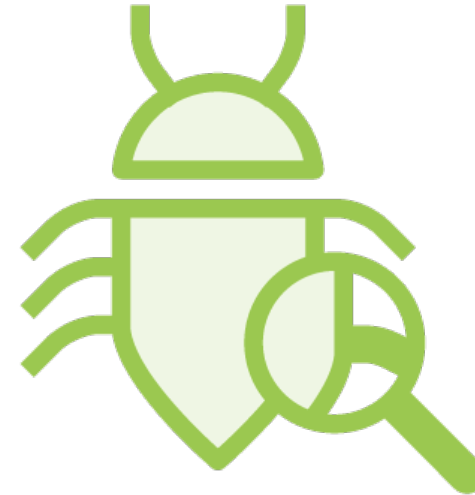

Testing the App

Demo the App

We have tested the app as we have added features

Finding Problems

Most issues were corrected by using console.logs

Protractor

Protractor

End to End testing

Jasmine

Protractor also uses Jasmine as its framework

Angular Testing

https://angular.io/docs/ts/latest/guide/testing.html

Karma

https://karma-runner.github.io/1.0/index.html

Jasmine

https://jasmine.github.io/

Protractor

http://www.protractortest.org/#/

Summary

Complete App

Authentication, Blog, and Shopping Cart

Used Firebase

Angular 2 can be used for mobile
